

RECORD YOUR PODCAST

Podcasting has emerged as an efficient communication tool, enabling you to inform, engage and educate your audience. Ideal for journalists and organisations alike, our studio offers flexible rental options for one-off recordings or podcast series. Benefit from the full range of facilities including:

- Cosy podcast studio
- Large table, hosting up to three guests (4 people total)
- Possibility for interactions with online guests via large tv screen

RECORD YOUR VIDEO PODCAST

Our high-quality cameras capture the participants around the table and remote participants on the TV screen. We provide the technical support to ensure a flawless recording process.

Your recording will be available right after your session via download on your USB stick or file transfer. This is included:

- Cosy podcast studio
- Large table, hosting up to three guests (4 people total)
- Possibility for interactions with online guests via large tv screen
- A set of high quality cameras giving you multiple recording angles
- Technical support
